Statewide feedback

Build Back Stronger

The investments are informed by feedback received from the statewide Build Back Stronger listening tour. Common feedback supports addressing significant needs for our state:

- Affordable Housing & Home Ownership
- Mental and Behavioral Health Support
- Workforce Development
- Economic Recovery

Provides economic stimulus (jobs, multiplier effect, etc.) Provides relief to address a gap

U.S. Treasury Department approved dollars in key areas:

- To respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality;
- To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers;
- For the provision of government services to the extent of the reduction in revenue due to the COVID–19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency
- To make necessary investments in water, sewer, or broadband infrastructure.
- Funds must be obligated by the end of 2024

Interim Committees recommendations on spending ~\$1.63 billion next year

Federal and State stimulus funds fall into transformational buckets:

- Affordable Housing policy
- Behavioral/mental health
- Workforce Development/Higher Education
- Economic recovery and relief

These committees began their work in August to develop a unified approach among the Governor and the General Assembly to help ensure an impactful, equitable, and efficient roll out of economic recovery dollars.

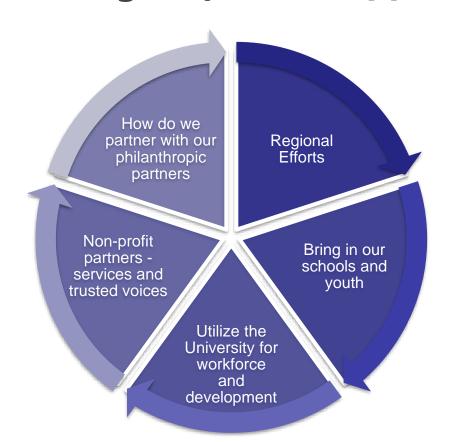

We want Transformational Change!

- Leverages local, private, federal, and philanthropic dollars
- Transformational change:
 - Proposals should not just "tinker around the edges."
 - They should be designed to truly transform policy and practice to improve outcomes for Coloradans.
- Fills the gaps

Taking a Systems Approach
