The Honorable Colorado State Senate
74th General Assembly
First Regular Session
Colorado State Capitol

Denver, CO, 80203

Dear Honorable Members of the Colorado State Senate:

Today I vetoed Senate Bill 23-273, "Concerning the Inclusion of Agricultural Land In Urban Renewal Areas" at 5:00 p.m.

Senate Bill 23-273 ("SB23-273") would amend the Urban Renewal Law and update one of five exemptions related to agricultural land to specify that agricultural land may be included in an urban renewal area if the agricultural land is in an existing urban renewal plan, the urban renewal plan was originally approved or modified to include the agricultural land prior to June 1, 2010, and the land still remains in that same urban renewal plan.

I appreciate the sponsors and stakeholders for their work on this bill and recognize the legitimate issue regarding the merits of inclusion of agricultural land in urban renewal areas to both preserve agricultural land and prevent continued sprawl. I also understand that the bill is intended to fix a perceived loophole that was created when HB 10-1107 ("Concerning Limitations on the Inclusion of Agricultural Lands within Urban Areas") was enacted.

However, my understanding is that this bill was intended to target a single urban renewal plan, which was later approved. While this bill may not actually affect that plan anymore, we must also carefully consider the ramifications that retroactively altering existing statute could have on planned development proposals and future urban renewal plans. This conversation is complex and must consider the unique circumstances related to each urban renewal area and how the policy relates to the need to protect agricultural lands and the very clear need for increasing housing options across our diverse state. Passing a law that retroactively changes the playing field would create greater uncertainty across our state and discourage investment in housing.

I commend the aim to ensure there are appropriate limitations placed on including agricultural land in urban renewal areas and will continue to work with the sponsors and stakeholders to protect agricultural land throughout the state without prejudice to a particular project or plan.

For the above reasons, SB 23-273 is disapproved and vetoed.

Sincerely,

A handwritten signature in blue ink that reads "Jared Polis".
