Request to be nominated and selected for two CCI Steering Committee positions

I would respectfully like to be nominated and considered for the **Land Use Steering Committee as the Chairman.**

I would also respectfully like to be nominated and considered for the **Public Lands Vice Chairman position.**

In addition to having served Teller County as its Planning Director for six years with extensive experience and expertise in Land Use Matters, zoning, and land use regulations I also have extensive experience as a member of the CCI Public Lands traveling committee as a delegate. Additionally, I was part of the BLM Big Game Corridor study for oil and gas and was a member of the Governor's Clean Energy Task Force spearheaded by former Governor Ritter to study the impacts of utility grade Solar array siting on Public Lands, specifically BLM. I have also actively

participated in the SSP (Southern Shooting Partnership) which seeks a balance of activities on public lands, specifically shooting, by developing ranges on Federal Land to relieve pressure from dispersed shooting.

In terms of forest health and forest behavior I sit on several public lands organizations that seek to strike a balance between conservation and preservation, recreation and wildlife management. I also chair the Wildfire Council for Teller County with a focus on BLM and USFS (Pike NF) inside our county.
