

12/16 2024

I would like to be nominated and would be honored to serve a second term as part of the Public Lands Traveling team representing Colorado and CCI at NACO.

I have been an active participant and have attended both the NACO Legislative Conference in Washington DC and the Annual Conference for the past term.

In terms of active participation in Public Lands matters I was part of the BLM Big Game Corridor study for oil and gas. Additionally, I was a member of the Governor's Clean Energy Task Force spearheaded by former Governor Ritter to study the impacts of utility grade Solar array siting on Public Lands, specifically BLM. I have also actively participated in the SSP (Southern Shooting Partnership) which seeks a balance of activities on public lands, specifically shooting, by developing ranges on Federal Land to relieve pressure from dispersed shooting.

In terms of forest health and forest behavior I sit on several public lands organizations that seek to strike a balance between conservation and preservation, recreation and wildlife management. I also chair the Wildfire Council for Teller County with a focus on BLM and USFS (Pike NF) inside our county.

If re-selected as a traveling team delegate, I will continue to represent CCI at all Public Lands forums

R/Dan

Dan Williams

Teller County Commissioner
